PROJECTS

The Ring

The Ring is a dating app that aims to alleviate the stress in the texting game by allowing users to schedule a short 5 minute text meet up after they match.

Performed user research and testing, created style guide, built prototype.

http://andrewjypark.com/project_theRing.html

Take

Take is a community for fan art where users can discover and share takes on their favorite tv shows, movies and books.

Created user personas, performed user testing, created wireframes and prototypes.
